
Bridge - a road, railroad, or path that goes over a river, over another road, etc., and the structure that supports it; **something that forms a connection** between one group and another or between one situation and another

BRIDGES OUT OF POVERTY

Workshop for Students & Faculty...

The Bridges Out of Poverty framework is based on the book by Ruby K. Payne, PhD., Philip E. DeVol and Terri Dreussi Smith. The framework can help social workers, therapists, nurses, doctors, pastors, teachers, law enforcement professionals, and employers more appropriately and effectively serve, support, and/or assist people experiencing poverty.

This workshop will utilize exercises, small and large group discussions, pre- and post-tests, and visual displays.
