There are several ways an institution may verify a student's identity. To complete identity verification in person at Andrews University, a student must present an unexpired, valid, government-issued photo identification such as a U.S. passport, a driver's license, or other state-issued ID. In addition, the student must sign this verification of identity in the presence of the institutional official.

If the student is unable to appear in person at Andrews University to verify his or her identity, the student must provide a copy of the unexpired valid government-issued photo identification (ID), such as but not limited to a U.S. passport, a driver's license, or other state-issued ID; and either appear on a video call with institutional personnel, or sign this form in the presence of a notary public.

If this form is signed in the presence of a notary public, the student must then mail the original notarized Verification of Identity (to be signed only in the presence of a notary public) provided below along with a copy of the front and back of the unexpired valid government-issued photo identification (ID) to the following address (we cannot accept scanned or faxed copies):
